

JLK365

NEVER STOP REACHING LIVES

JLK365 is the follow-up strategy for Jesus Loves Kzoo.

The goal of **JLK365** is to extend JLK's mission by helping the individuals reached during Catalyst week and other ministry outreach efforts continue on their journey until they are fully thriving in a faith community. This can only happen with the full engagement of the Body of Christ. This is a Kingdom effort and there is not one person or one church following Jesus that is not needed for some aspect of **JLK365**.

JLK365 reaches individuals by meeting them where they are at both geographically and spiritually.

Because those we reach out to are at many different places in their spiritual journey, we have different levels of outreach to meet them where they are at.

Here is a comprehensive list of our ongoing ministry opportunities through JLK/365:

Administrative Team:

Enters all data collected from Catalyst week. Ensures the database is updated so other 365 volunteers have the information they need to follow up.

Time Commitment: Four+ hours during Catalyst week. One to two hours/month year round.

Connections Team:

Provide immediate follow up after Catalyst week with individuals who expressed interest in receiving a phone call. Options of calling from your home or together with a group.

Time Commitment: Varies with your availability. Typically, two hours/week for one-two months following Catalyst week. Opportunities are also available for year-round volunteers to encourage people by phone.

Prayer Team:

Take time to pray over the individual needs that are written down during Catalyst week. Volunteers willing to commit to year-round intercession will pray for the requests that come in through weekly Vanguard Street Ministry efforts and also for the overall ministry and vision of Jesus Loves Kzoo throughout the year.

Time Commitment: One hour/week for one month following Catalyst week. Attending quarterly prayer meetings throughout the year. Opportunities also available for covering year-round street ministry efforts.

Foot Soldiers Team:

Foot Soldiers go out in teams of two, following up with those requesting a personal contact. They listen, encourage, and pray with individuals. Assess individuals for willingness and readiness for an individual's next steps in their spiritual journey.

Time Commitment: Two hours/month year round. Requires a minimum six month commitment.

Longer-Term Mentoring Opportunities:

There are MANY excellent opportunities in our area where volunteers can serve in a longer-term, structured mentoring capacity. JLK/365 desires to serve as a bridge – seeking to connect both the community and volunteers into a variety of Christian Non-profit and Church-based, longer-term mentoring programs.

It will take the whole Church working together to accomplish our shared goal of seeing lives transformed and every believer planted and fully-thriving in a Christ-Centered faith community!
